What 2D & 3D shape is the glass floor?

\_\_\_\_\_

I measured the glass floor today with my

\_\_\_\_\_ (e.g. hands)

It was \_\_\_\_\_ long (e.g. 10)

Using the tape measures provided, complete the missing length and width of the glass floor

Using this information, calculate the area of the glass floor  $L \times W$

\_\_\_\_\_

The glass floor has 3 panes, each pane is 20mm thick. Calculate the volume of the glass floor  $L \times W \times D$

\_\_\_\_\_

Draw the glass floor panels onto your diagram above.

## EXTENSION TASK

---

Show all the right angles and parallel line on your diagram

Measure the width of one panel and calculate it's area
